Indexes for the West Plains Gazette are being prepared for the Harlin Museum as a pro bono project of the Pacific Northwest Chapter of the American Society of Indexers. The set of indexes for each issue will include: Index of Articles, Index of Authors, Index of People, and Index of Subjects. Indexes for individual issues are being provided for temporary use until cumulated indexes for all 30 issues can be completed. The indexes for Issue 16 were prepared by Erica Caridio, The Last Word Indexing Services.
